Selfie Stick

The perfect selfie. Any time and anywhere!

Selfies are the latest trend. Stars and celebrities are taking the lead – and everyone is enthusiastically snapping away. The new Selfie Stick from DICOTA helps you to get the perfect snapshot. From above, below or from the front. Great angle – great pictures! Designed for use with popular digital cameras and smartphones.

Social Media are in. Messenger services send images within seconds – all at the touch of a button. There's a demand for great pictures. The Selfie Stick from DICOTA opens up new possibilities. The stainless steel material is designed for outdoor use, the non-slip handle provides optimum grip, and the Selfie Stick can be extended from 20 to 97cm in 7 stages. Creativity knows no bounds – inspiring snapshots on the go.

* Smartphone is not included.
